- To Realize Teaching Innovation and Elevate Teaching Quality
- The new innovation and entrepreneurship courses are offered combined with the principle of creative thinking and practice. The courses are problem-oriented, aiming to strengthen study and practice, enhance students' professional ability, hands-on capacity and teamwork competency, thus cultivating the problem-solving talents. One hundred and twenty-four courses were offered in 2023, with a total of 9,066 students involved.
- Teachers are encouraged to participate in the Teaching Practice Research Program. Full-time teaching teachers would be exempted from 2 hours of teaching per case for leading the Teaching Practice Research Program of the Ministry of Education. In 2023, there were 20 applications for the Teaching Practice Research Program, among which, 7 were approved, with an average passing rate of 35%.

- **To Raise Accessibility of Higher Education**
- NIU assists students who are with economic hardships or culturally deprived by providing interview aids and raising the enrollment quota, helping them to better understand the university and provide academic as well as living counseling. In addition, NIU makes the student recruitment specialized, improve faculty structure and conduct the research on school affairs. Students who are economically or culturally disadvantaged in the 2023 academic year account for 22.97% of the total number of places.
- **Promote the NIU Grant_Get Ready for Flight Program** (annual subsidy of approximately NT\$40,000 for each student from low-income families) and solicit external resources to provide students with the support they need so that they can focus on study, pursue their dreams boldly as well as change their future life.
