## Sustainable Development Goal 6: Clean water and sanitation

6 CLEAN WATER  
AND SANITATION

- 為推動廢污水妥善處理，強化土地與循環利用，國立宜蘭大學與公私部門合作研究，透過科學化的實驗設計，獲得務實可行的研究成果，以確保所有人都能享用量足質優的水及衛生環境。
- To promote proper wastewater treatment and enhance land and recycling use, National Ilan University has collaborated with public and private sectors to conduct research through scientific experimental design. This has resulted in practical and feasible research outcomes, ensuring that everyone can enjoy an ample supply of high-quality water and a sanitary environment.
